This piece of equipment is raw performance loaded from the inside out. Once it's on the foot you'll view it as the most stunning and elegant inline race boot ever. We are so certain of our barefoot technology that we offer a limited warranty heel to toe for one year on our new Challenge model. This offer is valid through all our distributors and dealers worldwide. Taking it even further, we guarantee the 09 Challenge to fit and perform or your money back. Nothing compares, put your foot in the ultimate racing machine and experience skating like never before. *Luigino Lives!*
